## About Capventure

Capventure is an innovative design and wholesale company from the Netherlands. Capventure is the founder of four brands: Puhlmann, Cabanaz, The Zoo and Zuperzozial. Capventure works together with designers to create a product range which is fashionable but also functional for daily use. Each product is carefully selected, designed and styled by our creative panel. Our mission is to provide trendy and functional gifts in which design appeals to a wide audience. In short, affordable must haves for everyone.

The collections of Capventure are sold in over 30 countries worldwide, carrying out products that exceed cultural differences. In many countries we work with exclusive agents or distributors. Please contact the distributor of your country for further information (Check last page for detailed contact information). If your country is not represented by a distributor, no worries we also supply directly to the retail market.

## Social & Environmental responsibility

Capventure only cooperates with suppliers that guarantees safe, fair, legal and humane working condition for factory workers. We focus on developing packaging that is recyclable & eco-friendly and minimize the use of plastic. Among all our brands it is our aim to add products which have a sustainable profile in one way or another. For example, products that are partly made from recycled or sustainable materials.

## Use our product-video's!

We created more than 100 product-video's. We have 4 channels; each brand a channel. Please feel free to share these product-videos in your communication.
