Focus On Good Design Since 2011

ELEGANCE - SUSTAINABILITY - UNIQUENESS

2024 New Products

Our Story

With a big Thank You to the support from all our customers

We're Natalie and Paul Sun, and our passion for art and design led us to set up Gingko Design in 2011, the same year we were married.

Using the latest technology and a fresh, modern approach, we bring elegance and practicality together in a seamless and sustainable way, enabling us to create lighting, accessories and timepieces that will bring something truly special to your home.

So why Gingko? We get asked this a lot. Gingko (or Gingko biloba) has always been a symbol of hope, friendship, adaptability and even invincibility. It is seen as a mediator between past and present, Orient and Occident, spirit and nature.

This has always been inspiring us, here at Gingko Design, of how we're doing our work here and how we should treat our people, our customers and our suppliers. And most importantly, it also inspired us to create all our lovely products over the past decades and it will continue to do so.

We believe good designs can give people hope, friendship and also inspires people of how to become more adaptable and invincible. We believe good designs can connect us together from the past, present and even the future, no matter of what religious or cultural background; We also believe that good design should be simple but elegant, sustainable but unique, functional but also long lasting - This philosophy has inspired us to create our innovative and stylish designs that have won a number of international awards. We have now become a main player in the premium & creative design-led home and gift sector in the UK and cross the Europe.

We feel proud of what we have created and hope you share the same thoughts as us and feel the same pride in selling or owning our beautiful products.

Together, we can make it even better.

Twist Hexagon Lamp

Illuminate your home with the simplicity and elegance of the Twist Hexagon Lamp, a beacon of modern design and practical functionality. This statement piece transcends the ordinary, delivering more than just illumination. Available in a sleek Matte Black or a rich Walnut finish, it seamlessly adapts to a wide range of interior styles while maintaining a minimalist aesthetic that captivates and charms.

The lamp's body, made of durable ABS with a tactile textured finish, presents an innovative twist on lighting design. Its unique hexagonal shape, enveloped in water-resistant and tearproof Tyvek paper, elegantly unfolds and twists to form a mesmerizing display that softly diffuses a warm white glow throughout your living space. More than a mere light source, this lamp is a dynamic sculpture that engages and inspires, sparking conversations and capturing imaginations.

A gentle tap on the top button is all it takes to activate the lamp's enchanting radiance, ensuring usage is as effortless as it is intuitive. Equipped with a USB-C rechargeable port, the Twist Hexagon Lamp promises up to 12-15 hours of continuous, energy-efficient lighting on a single charge. It is the quintessential accessory for a cozy reading corner, a stylish bedside companion, or an artistic touch to a modern office desk. The Twist Hexagon Lamp offers an unparalleled combination of innovative design, enduring functionality, and creative flair.

AtlasGlobe Lamp

Immerse yourself in the elegance and wonder of our world with the AtlasGlobe Light, a sophisticated world globe light that serves as both a source of illumination and a piece of interactive art.

This exquisite globe has two distinct finishes: a serene Light Blue Globe elegantly seated on a White Ash base, and a stately Dark Blue Globe resting on a rich Walnut base. Each finish comes in two sizes, Mini and Large, making it a perfect fit for any room, whether a cozy study or a spacious living area.

Ease of use is a key feature of the AtlasGlobe Light. A simple tap on the copper button activates the light, while an extended touch adjusts the brightness, thanks to its advanced LED technology. It promises a long lifespan of 50,000 hours and ensures energy-efficiency and environmental friendliness.

The globe's base is ingeniously designed with three smart spinning metal balls, enabling the globe to rotate freely. This unique feature adds an interactive dimension to the globe, making it a fascinating educational tool and decorative item.

Smart FootballSpin/LunaSpin Lamp

Discover the Smart FootballSpin and LunaSpin Lamp, an exquisite blend of elegance and innovative technology.

Offered in Mini (12cm) and Large (18cm) sizes, these lamps showcase 3D-printed globes that seamlessly float above a robust walnut base, creating an alluring and sophisticated ambiance. The globes are interactive, changing between three calming light colors—warm, cool white, and warm white—with a simple tap, allowing you to set the mood to your preference.

Saw the Saturn as well? Yes, and that will be available from the Autumn Winter season this year :-)

FootballSpin Lamp

Introducing the Smart FootballSpin Lamp, where art meets technology to create an atmosphere of elegance and wonder. Tailored to captivate the hearts of sports fans.

A standout feature of these lamps is their ability to rotate autonomously on any flat surface, presenting an enchanting display of perpetual motion or to remain stationary as desired. This adaptability provides a customizable experience, whether you are looking for a lively centerpiece or a peaceful accent in your room.

G066L-WT (Large)

LunaSpin Lamp

Smart LunaSpin Lamp is where art meets technology to create an atmosphere of elegance and wonder. Tailored to those who find solace in night sky.

At the heart of each lamp is a 3D-printed globe meticulously designed and crafted. The globes, resting on a solid walnut base are not merely stationary ornaments but dynamic elements that bring each theme to life. This feature can be controlled to keep the globe static, allowing for versatility in presentation.

The innovative design extends to the charging system. The globes are powered by a cutting-edge magnetic wireless charger, ensuring a seamless and modern look. The base, rechargeable via a USB-C cable, boasts a long-lasting battery life of 12-15 hours, ensuring the lamp remains a reliable source of light and beauty.

Mage See-Through Bluetooth Speaker

Mage See-Through Bluetooth Speaker is a fusion of innovative and magical design and acoustic excellence. This Bluetooth speaker is a masterpiece of form and function, available in a sleek Matte Black or elegant Walnut wood finish. Its unique see-through structure makes it a visually stunning piece and offers an immersive sound experience.

3 level of brightness

Comes in both Black or Walnut finishing

Swipe to change volume

Built with precision, the Mage See-Through Bluetooth Speaker boasts a body of a lovely wood and metallic black textured finishing, complemented by a clear acrylic exterior. This transparent design not only showcases the intricate internal components but also enables you to feel the vibration and energy of the music, adding a tactile dimension to your listening experience.

Connect effortlessly to your devices via Bluetooth and enjoy your favourite tunes with exceptional clarity. The speaker has a dimmable warm yellow light beneath the top, adding a cozy ambiance to your space. A simple tap on the top button controls the light, making it perfect for setting the mood in any room.

ALICE Mushroom Lamp

The Alice Mushroom Lamp is the epitome of uniqueness and functionality with its sleek Walnut and White Ash Wood finishing and a premium frosted milky white ABS shade. Its weight and sturdiness is a testament to its quality and durability.

Switch between 7 soft RGB lights and the warm white light mode with a gentle tap on the mushroom ABS shade, or tap again to choose your preferred colour. Light up your space with vibrant and vivid colours or set a calming and relaxing mood with its soft, muted shades.

The Alice Mushroom Collection comes in Large, Mini and Super mini sizes and all is available in walnut and white ash wood base.

A choice of two sophisticated finishes, Walnut and White Ash, catering to various tastes and complementing different interior designs.

The SuperMini is a new addition added to the Alice collection in 2024 and that is inspired and required by our Head of Design's daughter Amelia who just turned into 7 year old last Dec.
