

ELEGANCE

SUSTAINABILITY

UNIQUENESS

Preface

We're grateful for all the supports we had from our clients in the past years, especially during the pandemic times. Your support helped us to improve and create new exciting products, which we hope will boost your retail experiences.

We are now very proud to introduce our 2022 Spring and Summer new range and trust that you will love them as much as we do.

Thank you again and look forward to continuing working with you for many years to come.

The Sun Family
(Paul, Natalie, Lewis and Amelia)

our story

We're Natalie and Paul Sun, and our passion for art and design led us to set up Gingko Design in 2011, the same year we were married.

We believe that good design should be simple but elegant, sustainable but unique, functional but also long lasting - This philosophy has inspired us to create our innovative and stylish designs that have won a number of international awards. We have now become a leader in the design-led home and gift sector in the UK and across the rest of Europe.

Using the latest technology and a fresh, modern approach, we bring elegance and practicality together in a seamless and sustainable way, enabling us to create lighting, accessories and timepieces that will bring something truly special to your home.

So why Gingko? We get asked this a lot! The gingko biloba tree is one of the oldest in the world, beautiful when the leaves turn golden in autumn, and used for making herbal recipes and teas for hundreds of years. When we set up our company, we wanted to design and craft products that echoed these qualities; longevity, beauty and a practical use.

We're now based in Kenilworth Warwickshire, Shakespeare's county, and we live outside the town of Warwick with our two beautiful children. We feel proud of what we have achieved and we know that you will feel the same pride in selling and owning our beautiful products.

2022 NEW

dragonflight balance light

Bedside table lamps have always been purely functional in that they provide a warm and illuminating glow. They rarely offer any aesthetic value in making the space they occupy look good beyond emitting light. Imagine getting a sculptural work of art that radiates a welcoming light.

Available in a choice of maple or walnut, the Dragonflight Balance Light has energy-efficient LED lights hidden under the wings. Taking the style and innovation that have become a signature of Gingko Design's products, the Dragonflight Balance Light is perfectly balanced atop a cylindrical base where it can be kept stationary or rotated slowly to inspire awe and transform your perspective on lighting forever.

With four brightness settings, it takes only a gentle touch to adjust the light it emits. The self-balancing wooden lamp relies on using the principles of centre of mass to maintain its balance, making it appear as though it is effortlessly hovering in the air, much like its namesake.

An easily rechargeable battery makes the lamp cordless, and its 650 mAh battery capacity offers up to 36 hours of illumination (depending on the brightness setting). Form, function, convenience, and beauty - all come together in the form of the Dragonflight Balance Light.

It balances perfectly on any surface

Simply touch the Dragonfly body to turn on the light or change its intensity.

It's the perfect 'balance' of beauty and function.

dragonflight balance light

Technical Features

Product material: made from FSC certified natural Beech or walnut solid wood

A rubber mat built into the base to protect your surfaces and prevent slipping

USB recharging port tucked away within the dragonfly design

Touch control with USB C (type C) charging port (charging cable included)

Light source: 0.2 watts x 28 pieces long-life LEDs

LED colour temperature: 3000K

Power source: 650mAh Li-on rechargeable battery

4 levels of light brightness

Charge time: 3-4 hours

Battery life: approx 3 ~36 hours (depends on the intensity)

Product Size (assembled): 310 x 360 x 240mm or 12.2'' x 14.17'' x 9.45'' (L x W x H)

Product Weight: 300g or 0.66lbs

Packed in a premium gift box

Lemelia Light

2022 NEW

Portability, simplicity, elegance and convenient lighting come together in the form of Gingko Design's Lemelia Light. A cute, adorable, and small cylinder that stands a mere 6 cm tall, the Lemelia Light appears to be little more than an elegantly crafted paperweight.

A combination of premium frosted glass seamlessly attached to a natural wooden base with walnut, black, or white ash finish, the Lemelia Light is a portable and playful lighting solution. Made using non-fragile and solid glass that stays cool to the touch.

Touch the wooden base to turn it on and emit a white and warm light radiating a soft glow through the frosted glass in this adorable light. Switch to a range of seven different colours that are vibrant and bright to suit your mood. Whether you need a mood light that makes the aesthetic of the room match how you feel or a nightlight with a soft glow to help your children go to sleep at night with ease, the portable and lightweight Lemelia Light is an ideal solution for a wide range of needs.

Powered by a 600mAh rechargeable battery, you get up to 15 hours of constant illumination in various colours to match your mood with the interactive Lemelia Light.

4 long-life extraordinary RGB LEDs gives you a great 7 light colour changing atmosphere,
So you can just chill & relax .

This cute & stylish Lemelia Light brings fun and joys to any home,
and its battery life lasts up to 15 hours per charge.

Lemelia Light Technical Features

Product material: FSC certified white ash, black or walnut wood with premium non-fragile frosted acrylic glass

Two light modes with 7 light colour changing or warm white light mode

Battery life: 12-15 hours

Light Source: 4 x 0.2 watts RGB LEDs

LED colour temperature: 2900K~3100K

Power input: DC5V 0.5A

Power source: 600MAH Li-on rechargeable battery

evaro light bulb lamp

Inspiring intrigue and offering the warm glow of an incandescent bulb, the Evaro Light Bulb Lamp is truly a sight to behold.

This unique take on a light bulb lamp is the perfect unity of form and function. Dim the lights, do away with your old table lamp and gently move the bulb close to its holder to see the magic of the Evaro Light Bulb Lamp unfold.

A culmination of innovative and forward-thinking lighting solutions by Gingko Design, the floating Evaro light bulb lamp will provide the perfect glow-up for any space. The stunning visual of a light bulb seemingly floating mid-air is not an illusion.

The base of the light and holder have powerful magnets that suspend the light and wirelessly transfers power through magnetic induction. Merely moving the bulb close to the holder sets it in place and switches it on. Any accidental knocks simply connect the bulb to its holder, ensuring that it never drops.

Available in a choice of walnut and black, this unique, elegant, and sustainable light bulb is the perfect lighting solution for a modern and minimalist aesthetic with a touch of class.

Available in Walnut and Black finish.

smart diffuser lamp

TOP 10 SELLERS

Warm and ambient lighting with the calming aroma of your favourite essential oils come together in a smart, innovative, and elegant product.

The Gingko Design Smart Diffuser Lamp is a high-quality diffuser and smart light, all in one. It features a frosted acrylic base that houses a warm light with three brightness levels. A wooden top with a touch-activated copper diffuser plate seamlessly integrated is into the lamp.

Made using 100% natural and ethically-sourced wood in a walnut or white ash wood finish, the wooden top also features a handy and intuitive touch sensor that lets you switch between brightness levels and switch on the diffuser on top. The Smart Diffuser Lamp is powered by a 780mAh rechargeable battery that lasts 3-10 hours, depending on the light intensity and diffuser use. The diffuser and light work separately. It means that you don't need to have both on at the same time, ensuring that you can enjoy the experience you prefer.

Whether you're looking for a gift for yourself or someone else who could benefit from the relaxing effects of a warm and ambient light combined with aromatherapy, the Gingko Design Smart Diffuser Lamp is the perfect smart product for you.

The Smart Diffuser Lamp helps you to relax while it radiates its beautiful light as well as its pleasant aroma.

Good design makes a better living

smart moon lamp

BEST SELLER

With this extraordinary levitating Smart Moon Lamp from Gingko, you could light up your whole world .

This gravity-defying moon lamp seems to magically 'float' above a natural wood block and slowly rotates just like the real elliptical orbiting moon. Made with safe PLA material, this 3D printed full moon even has a textured surface just like the moon's own craters and glows an ethereal-like light as it emits its cool white light. Suspended by a strong built-in magnet it creates a fascinating and life-like illusion of the real thing.

Plus, the Smart Moon Lamp also has three different light modes for you to choose, so you can switch to your preferred light colour from warm yellow light, cool white light and warm white light by a simple touch on the wood base.

This amazing levitating Smart Moon Lamp from Gingko certainly reflects our design ethos of making every day objects premium and smarter in living.

gingko

You can change the moon light colour from a **neutral moon**, a **white moon** or even a **harvest yellow moon** by simply touching the wood base.

smart moon Lamp

smart galaxy lamp

Witnessing the stars and the Milky Way Galaxy in the night sky away from the cities is a surreal experience we rarely have the opportunity to enjoy. We all love looking at the stars and admiring their beauty in the night sky, but it is impossible with all the light pollution and cloudy night skies in the cities. This is where our Smart Galaxy Lamp comes in.

The Smart Galaxy Lamp features a textured surface galaxy globe rotating slowly above the black wooden base. Powerful built-in magnets suspend and slowly rotate the sphere mid-air, creating a stunning visual for you to behold.

The Smart Galaxy Lamp also has three different light modes for you to choose, so you can switch to your preferred light colour from warm yellow light, cool white light and warm white light by a simple touch on the wood base.

Made using biodegradable PLA material and reclaimed wood, this eco-friendly lamp is the perfect bedside accessory for anyone who wants to be close to nature from the comfort of their home. If you have been looking for a truly extraordinary light that leaves everyone in awe, the Smart Galaxy Lamp by Gingko Design is the perfect addition to your homeware.

Admire the galaxy in the comfort of your home
Enjoy, relax and unwind.

smart baton light

TOP 10 SELLERS
Black finish in stock by March 2022

Gingko Design's innovative, stylish, smart, and sustainable design practices find the perfect combination in the form of the Smart Baton Light. Elegantly designed in the shape of a cylindrical baton, the frosted acrylic light comes with a wooden handle made using your choice of ethically-sourced natural walnut, white ash, and black wood.

Emitting a warm and radiant glow softened by the frosted acrylic diffuser housing, the Smart Baton Light is the perfect addition to any household as a decorative work of art and a sophisticated lighting solution. The Smart Baton Light comes with a wooden base that you can install on a wall. Attach the Smart Baton Light through a magnetic wall-mount to connect it to the base, instantly turning it into a wall light from a handheld torch.

Powered by a 500mAh rechargeable Li-ion battery, the portable light is perfect for illuminating dim hallways, rooms, stairwells, or even as a bedside light. A motion-activated light sensor on the Smart Baton Light lights up the elegant lighting solution, even when it's dark. Smarter living has never been better than with the Gingko Design Smart Baton Light.

Smart Baton Light is an absolute stunning design that can fit in any space for any lighting purpose.

VELVET

smart accordion lamp

5 Trendy Design Patterns

2022 NEW DESIGN

The Velvet Accordion Lamp is more than a mere lamplight, it is a marvellous display of elegance and creativity. Beautifully crafted using waterproof and tearproof Tyvek paper with a range of designs and colours.

Sculptural artwork and elegant lighting solutions find their perfect union in the form of the Gingko Design Velvet Accordion Lamp. The Velvet Accordion Lamp is a beautiful object to admire through its accordion-inspired design constructed to perfection.

Its warm LED light shines through the waterproof and Tyvek paper in five velvet colour options to highlight beautiful patterns. Its patterns include the ginkgo biloba tree leaves, the tree we're named after, zebra pattern, floral designs, geometric shapes, and landmark prints.

Turning it on is simply a matter of switching it on. Available in cool and warm lighting modes, making the switch requires closing and reopening the lamp. The Velvet Accordion Lamp by Gingko Design is the perfect lighting solution for a variety of occasions.

smart book light

a design object with the wow factor

BEST SELLER

The Ginkgo Smart Booklight collection is certainly a great additional piece of art to any home; when closed, this smart Book Light masquerades as a laser-cut wooden/leather/linen fabric 'book' (depending on the collection material), but when opened it transforms into a sculptural light emitting a wonderful ambient warm white light through the pages.

The beautiful, exquisite design opens to a full 360 degrees with cleverly concealed magnets and the lovely soft touch Tyvek pages are tearproof and water-resistant and are lit by long-lasting LED lights. Inside the laser-cut wood or leather cover lies an interior lamp body made from durable, water-resistant Tyvek "pages" containing high-performing LEDs.

The Gingko Smart Book Light is certainly a design object with the wow factor

smart accordion lamp

TOP 10 SELLERS

Inspired by the shape of an accordion, the brand new Gingko Smart Accordion Lamp is a must have home accessory for any room.

To open it, simply pull it as you would play an accordion, and it will instantly transform into a sculptural light emitting a wonderful ambient warm LED light through the accordion shaped pages. Close it and open it again, and it magically changes to cool white LED light instead of warm light as before; when it's fully closed, it becomes a laser-cut wooden hexagon display object.

This aesthetically pleasing design has a magnetic cover on both sides, so you can open it to a full 360 degrees. You can also connect it to as many units as you wish to create your own piece of sculptural art.

The smart design reflects our design ethos of creating stylish yet functional, modern but great sustainable design.

With the Smart Accordion Lamp, you can always create your own forms of light art. Be inventive and inspired!

6 Global Awards Winning Design

octagon one

Portable Desk Light

BEST SELLER

Modern and innovative design uses simplicity and minimalism in an elegant form. Gingko Design's Octagon One Desk Lamp is the perfect culmination of form and function. At first glance, the Octagon One Desk Lamp looks like a modern art statement piece with its unusual proportions. A simple gesture to touch the control button built on the base instantly turns it on to emit a soft and illuminating glow pleasing to the senses.

Made using high-quality aluminium, the Octagon One Desk Lamp features a high-quality finish that makes it look like natural wood or marble that you cannot tell unless you touch it. It features an in-built rechargeable li-ion battery with 1,800mAh capacity that powers 36 LED beads cleverly housed behind a frosted acrylic diffuser in the light, giving you the option of four brightness settings.

With a stable base, you can angle the Octagon One Desk Lamp however you like. The award-winning desk lamp is the perfect addition to any work or study table for people looking for a smarter and more elegant lighting solution.

octagon one plus

Alarm Clock Desk Light

TOP 10 SELLERS

The New Octagon One Plus Desk Lamp inherited the same elegant design as our global multi-award winning Octagon One Desk Lamp, but now incorporates our popular Click Clock in the hexagon base and is made of 100% sustainable natural wood.

This smart design isn't just simply combining the best of simplicity and natural material to achieve its modern industrial aesthetic, but has also solved our everyday space-saving dilemmas by combining an alarm clock and light into one sculptural piece, leaving space for the more important things in our lives..

With a digital modern clock face built in the hexagon base, you no longer need a separate alarm clock by your bedside table. The clock display silently "fades away" from the wood surface while it's quiet and only reappears again if you give a gentle touch or a tap of the beside table. Plus, you can choose to either use the light to wake you up, so the light will gradually 'light up' your day or you can use the more conventional beep alarm if you wish.

It's not just a lamp simply with a clock added on the base,
It's also a sculptural unit created with our product philosophy of elegance, uniqueness and sustainability.

smart vase light

Often the simplest of design creations can make the biggest impact and the brand new Smart Vase Light from us is a great example.

The Smart Vase Light is a stunning and beautiful paper oval-shaped table light and it can certainly create the perfect centrepiece for your home or office space. Cleverly hidden inside is a heat and water-safe tube for filling with your favourite flowers. Made with special heat-safe and waterproof Tyvek paper that emits a warm ambient light from within, the fan-like design can also be folded for easy storage. To open again, simply pull the lamp back around until the magnets touch.

Our Smart Vase Light is a perfect space-saving home or office accessory with a big design impact, reflecting our philosophy of creating a stylish and premium design for every day objects in our life.

The Simplest design makes the greatest impact

r space Lamp

Nothing is more inspiring than a blank sheet of paper.

A line appears, it takes shape, is then filled with life and turns into an artwork. A vision becomes tangible and becomes a contemporary and fascinating design. The brand new Gingko **R Space Lamp** comes into being.

The Gingko R Space Lamp is a perfect example of contemporary form. The R-shaped body simply looks like a 3D R when it's closed, but when it opens, it transforms itself into an elegant and stunning lamp emitting a delightful soft warm or cool white LED light (two light colour options) through this water-resistant and tear-proof lantern made of Tyvek papers.

The Gingko R Space Lamp, **a unique and functional design, but also a piece of R-t.**

A line appears, it takes shapes;
a vision becomes tangible, it turns into a design.

sustainable audio collection

Technology has moved on...we no longer simply need a speaker that can play our favourite tunes with a decent sound, we now also want it to be aesthetically pleasing , simple and fun to use. And, most importantly for our environment, sustainably made.

Here at Gingko, our audio collection, especially with our brand new DRUM Light Speaker, it will meet all of these desires.

drum light speaker

- it's not just another speaker -

In stock by March 2022

Immaculate design, versatility, and an incredible audio-visual experience culminate in forming the Gingko Design Drum Light Bluetooth Speaker. You stand this cylindrical device on one end, and you get a beautiful and stylish light. This is perfect for use as a mood light and proper illumination with two lighting intensity modes.

Stand it on the other end, and you get a compact and powerful Bluetooth speaker. Connect it with another Drum Light Bluetooth Speaker to get an incredibly rich auditory experience a powerful through stereo sound with True Wireless Pairing.

The device is made using FSC-certified natural wood and is available in maple, bamboo, or walnut. The beautiful wooden casing comes with a detachable vegan leather lanyard perfect for hanging it up for bedtime reading or creating a welcoming and warmly-lit environment.

Featuring a 500mAh rechargeable Li-polymer battery, you get 3-8 hours of non-stop music-listening experience. Recharging the device is a matter of plugging in the Type-C USB port. This eco-friendly and stylish Bluetooth speaker and light is the perfect addition to any space to make it classier.

Simply flip the light side over
or lie it on its side to turn it into a handy
and portable light...

Available in 3 natural wood from FCS certified walnut, beech and bamboo.

I am not just a speaker,
(a good one)

but also a light.
(an unexpected one)

tumbler selfie speaker

- Anytime, Anywhere, Any Moment -

Housed in a 100% natural and sustainable wood casing with breathable fabric top, the Tumbler Selfie Bluetooth Speaker designed and made by Ginkgo is not just any portable selfie speaker.

This handy and sleek looking design not only plays your favourite tunes with a powerful sound from such a neat size, but also features a hands-free Selfie function to capture any moment at any time, anywhere. Play your favourite tunes easily when you're out and about by attaching the stylish hand strap (included).

Powered by an in-built rechargeable battery, it has a long battery life of up to 10 hours of play and can be easily recharged using the cleverly hidden USB charging port on the reverse of the tumbler.

Plus, the unique tumbling feature certainly makes this design stand out from the speaker crowd and creates a little bit more fun for your music experience.

Listen, play and interact!

Capture your lovely moment at any time,
anywhere...

MI SQUARE

Pocket Bluetooth Speaker

TOP 10 SELLERS

Naturally hand crafted and beautifully designed with great performance, the MI SQUARE Pocket Bluetooth Speaker seriously improves your portable music experience .

Made with solid natural Asian bamboo, German Cherry and American Walnut wood and powered by a long-lasting integrated rechargeable battery, the MI SQUARE Pocket Bluetooth Speaker is a very handy object to travel with, no matter where you go and what you do. It delivers **great sound** in a small and neat natural wood square.

The MI SQUARE Pocket Bluetooth Speaker designed by Gingko reflects their design ethos and commitment to modern, stylish and functional design with leading technology.

A large photograph showing three square, mesh-covered Bluetooth speakers with wooden frames and leather straps. They are arranged on a dark wooden surface next to the keyboard and trackpad of a silver laptop. The text "MI SQUARE POCKET BLUETOOTH SPEAKER" is engraved on the wooden handle of each speaker.

Small in size, big in sound.

cube plus clock

2022 NEW DESIGN

The Cube Plus Clock by Gingko Design exemplifies style, elegant design, class, and sustainable practices in the form of a clever and intuitive device. A clock, alarm, stop-watch, and countdown timer, the Cube Plus Clock is a marvel to look at with its precision-cut wooden construction. The raw wooden texture and perfection in its shape make it a beautiful ornament for your bedside.

The integrated alarm clock in the Gingko Design Cube Plus Clock features three sound options, namely forest bird sounds, sea waves, or rooster sounds. The alarm can be activated or deactivated by simply flipping the cube to its side. Laser-engraved touch control buttons allow you to easily switch between its different modes, and the sound-activated display preserves its battery. When deactivated, the display becomes invisible, disguising the Cube Plus Clock as a mere wooden cube. When activated, the display shows you the time through the wooden surface, creating an immaculate visual. The Cube Plus Clock also features the option for you to view the time in a vertical display layout.

Designed in-house by Gingko Design in Warwick, UK, the Cube Plus Clock is the perfect bedside accessory for everyone.

The Cube Plus is now better, stronger
and smarter.

A decent cube

A stopwatch

A timer

USB C charging

It's a cube and a clock, plus alarm, plus timer, plus stopwatch,
And you can also change the clock display from horizontal to vertical.

flip click clock

BEST SELLER

The UK Gift of the Year Award-winning Flip Click Clock changes your normal way of using an alarm clock. When nicely engraved alarm icon shows on top, it means your alarm is turned on, otherwise, it's turned off.

Made of natural wood material, the Flip Click Clock is super-easy to use. To set the time and alarm, simply touch the fine laser engraved buttons. When the alarm goes off, gently touch any of these engraved buttons on the top to snooze and to turn off the alarm, you can easily flip it over and the numbers will magically correct themselves to a normal display as well, keeping the same time and moving as accurate as before.

Powered by in-built rechargeable battery and activated by any sound or vibration, so the LED display disappear when it's quiet and light up when you give a tap, touch or click your fingers. You can also set it on permanent display if you wish.

Flip Click Clock, a design object tailored to be playful .

Touch any of these engraved buttons on the top to snooze and to turn off the alarm, you can easily flip it over and the numbers will magically correct themselves.

Simple, Smart, Stylish...

tumbler click clock

The contemporary Tumbler Click Alarm Clock is made from natural sustainable walnut, bamboo or cherry wood. With its beautifully carved round shape and no-tilt design, the Tumbler Click Clock is decorative, practical, and fun to interact with.

Incorporating our classical and popular 'click-clock' sound activated LED display, the digital numbers appear to be floating on the wooden surface. You can set the display to stay on permanently or to light up as a response to a gentle touch, tap, click of your fingers or clap of your hands. What's more, when the alarm goes off, you simply give a gentle push to snooze; and to turn it off, just turn it over.

It is a fabulously decorative object due to its architectural design but it's also extremely useful either on your office desk, next to the bed, or in any other room in the house..

The Tumbler Click Clock designed by Gingko reflects our design ethos of applying natural sustainable materials and good craftsmanship to items which showcase beauty and technology at their best, and, most importantly, we want our designs to outlive the fleeting trends.

With the no-tilt design, the Tumbler Click Clock is decorative, practical, and fun to interact with.

To snooze, simply just give a gentle push ; to turn it off, just turn it upside down.

EDGE

Light Alarm Clock

Inspired from the cutting edge of bamboo, the Gingko Edge Light Alarm Clock is very unique and a must-have edgy design. It's a smart and stylish space saving way to have a clock and a light at the same time either on your bedside or office table, or even simply fancy a nice travel light and clock.

When used as an alarm clock, this piece is very easy to use and set up thanks to its great ergonomic design. Powered by an in-built rechargeable battery (USB charging adapter lead included), the Edge Light Alarm Clock features two alarms with shake snooze and dimmable soft screen light, so you can see the time at night when needed whilst not disturbing your sleep. To turn off the alarm, simply flip it over and it will instantly turn itself into a soft and stylish dimmable ambient light.

The Edge Light Alarm Clock, designed and manufactured by Gingko, reflects our design ethos and commitment to modern, functional yet stylish design.

TOP 10 SELLER

clickclock™
time at the click of your fingers

Timekeeping can be smart, clever, ultra-stylish, functional and simple with our cube click alarm clock.

The original Gingko Cube Click Clock can tell you the time, date and temperature alternately in LED numbers on a wood grained or other finished cube block at the click of your fingers and automatically switches off when the room is quiet, lighting up again when the alarms goes off or as a response to clicked fingers or clapped hands. The numbers seem to float on the lovely wooden block, but that's just half the magic of the cuboid with a conscience.

Small, but smart; simple, but clever.

clickclock™
time at the click of your fingers

We're all slaves to time, but now it's on your terms with these stylish Brick Click Clocks. Just click your fingers or gently tap your bedside table and the time will appear and looks like the time is magically floating on these lovely bricks. No longer does your room have to be illuminated by a constant blinking digital glow, nor do you have to fumble to find your smartphone in the darkness.

The Brick Click Clock can display the time, date and temperature alternatively or you can also set it on permanent time display like the cube. Best of all, due to its portable feature with a integrated rechargeable lithium battery, it can be placed wherever you like with no need to worry about too many wires around your room any more.

tech and gadgets collection

Here you will find our gadgets and smaller technology led products. We'll be adding more of our fun, functional and stylish gadgets to this section soon.

Now, we're very pleased to introduce our Flameless Element Lighter, a cool and luxuriously made lighter without a flame.

Element Flameless Lighter - page 99

element flameless lighter

TOP 10 SELLERS

Not only smart in looks but smart in technology, the Flameless Element Lighter from Ginkgo Design is not your average lighter.

Disguised in a cigar-shaped tube with a real copper top, a quick blow gently reveals a completely flameless heated metal ring that burns to a high temperature. After a few seconds it automatically turns itself off and you can simply screw the lid back on and enjoy its exceptional quality and compactness. Encased in a real natural walnut or white ash wood exterior and complemented by its gold metal top, this is a lighter with a smooth and luxurious feel.

In a class of its own, it certainly gives you a whole new lighter experience and makes a perfect, stylish gift.

It could be one of the most luxuriously finished flameless lighter you have ever seen.
